

Fiscal Year Budget Process For Conservation Districts In Michigan

The key to sound fiscal health of governmental units is proper accounting, budgeting, and auditing of the local unit. These requirements for Michigan local units are contained in Public Act 2 of 1968, as amended, through Public Act 493 of 2000 (MCL 141.421, et al.), and in the Michigan Conservation District Uniform Accounting Procedures Manual, which state:

“The purpose of the Budget Act is to require that all local units of government in Michigan adopt balanced budgets, to establish responsibilities and define the procedure for the preparation, adoption and maintenance of the budget, and to require certain information for the budget process.”

“Local unit officials meet their campaign commitments and evidence their support of various public programs through the various priority assigned programs in the budgeting process. The only way elected board members can be assured that resources have actually been spent in accordance with their wishes, is through proper accounting and auditing of the [revenues and] expenditures of the local units.”

“The appropriations act indicates that the legislative body (the board) shall adopt the budget by passing a general appropriations act. In local units of government that do not normally adopt a general appropriations act, this can be accomplished by inclusion of wording in the budget adoption resolution indicating that the resolution is the general appropriations act.”

“[The budget process is used to] enhance taxpayers’ and elected board members’ ability to monitor and control expenditures of public monies, in accordance with their wishes. Hence, no expenditure of public monies can be made without an appropriations act passed by the board of directors. This is an expression of the wishes and priorities of elected board members to provide public services within the resources made available. The appropriations act is the final product of the budget cycle and is the key to controlling the finances of a local unit.”

The Budget Act requires an adopted budget (general appropriations act) prior to the beginning of a fiscal year.

Note: Above quotes are from the “Uniform Budget Manual for Local Units of Government,” by the Michigan Department of Treasury.

Definitions

Budget - A plan for financial operations for a given period of time, including an estimate of all proposed expenditures from the funds of a local unit and the proposed means of financing those expenditures.

General Appropriations Act - The budget as adopted by the board.

Fiscal Year – The period used for calculating annual financial statements in governments. Conservation districts use the fiscal year period of October 1 – September 30.

Suggested Budget Time Line

May - The district manager begins gathering the prior year's budget and year-end financial reports.

June - The district manager updates all financial records for the current year in preparation to project revenues and expenditures to the end of the fiscal year.

July Board Meeting - At the July board meeting, the district manager shall provide a report to the board containing the following:

- Line item report showing revenue and expenditures through June 30th of the current fiscal year.
- Line item report of **projected** revenue and expenditures through September 30th of the current fiscal year.
- Actual line item revenue and expenditures for the previous fiscal year.
- A proposed line item budget for the upcoming fiscal year, based on the above information (please see the sample planning budget below).

The district manager and the board should begin to discuss and formulate the projected budget for the upcoming fiscal year, based on this information.

August Board Meeting - The district manager and the board should conclude budget discussions and tentatively approve a proposed budget for the upcoming fiscal year, to be formally approved at the September board meeting.

At least six days before the September board meeting, the conservation district must place a newspaper ad to invite the public to comment on the proposed budget prior to final passage by the board. During this time, the proposed budget should be available at the district office for public viewing.

September Board Meeting - The board should reserve part of their monthly meeting time to allow the public to comment on the proposed budget. After public comment has been heard, the board will vote to approve the proposed budget, which becomes the general appropriations act after approval.

Example Announcement for Public Comment

The proposed budget of the Sample Conservation District for the fiscal year beginning October 1, 2016, will be presented to the District Board for final approval at the regular monthly meeting at 7:00 p.m., on September 15, 2016. The Public is invited to comment on the proposed budget at this time. Copies of the proposed budget are available at the District Office, located at 4200 Jones Rd., Agency, MI 48991.

Note: *The announcement must be published in the newspaper of record at least six days prior to the September board meeting. Copies of the proposed budget should be available at the district office, as soon as the notice is published.*

Ending Fund Balance (Required)	\$ 37,430.00	\$ 80,255.00	\$ 87,130.00

Minimum Requirements for Budget

The minimum information requirements for a local unit of government's recommended budget to be established include:

For prior fiscal years	The amount of accumulated surplus or deficit
For the most recently completed fiscal year	Actual revenue and expenditure data
For the current fiscal year	Estimated revenues and expenditures Estimated expected surplus or deficit
For the upcoming fiscal year	Estimated revenues (by revenue source) Estimated required expenditures Estimated amounts needed for deficiency Estimated contingent or emergency purposes Estimated expected surplus or deficit

Sample Conservation District Appropriations Act for Fiscal Year 2016-17

The *Sample* Conservation District Board resolves:

SECTION 1: Title --This resolution shall be known as the *Sample* Conservation District 2016 - 2017 General Appropriations Act.

SECTION 2: Public Hearing on the Budget--Pursuant to MCLA 141.412 and .413, notice of a public hearing on the proposed budget was published in a newspaper of general circulation on _____ (date) _____, and a public hearing on the proposed budget was held on _____ (date) _____.

SECTION 3: Adoption of Budget by Activity/Department--*Sample* Conservation District Board adopts the 2016 - 2017 fiscal year budgets for the various funds by activity/department. Conservation district officials responsible for the expenditures authorized in the budget may expend conservation district funds up to, but not to exceed, the total appropriation authorized for each activity/department.

SECTION 4: Transfers--Transfers may be made between budget line items appropriated, with the Treasurer's approval. The allowed transfers will be submitted to the Board for approval at the next board meeting.

SECTION 5: Payment of Bills--All claims (invoices/bills) against the Conservation District shall be approved by the *Sample* Conservation District Board, prior to being paid; however, the Conservation District Manager and Treasurer may pay certain bills prior to approval by the Conservation District Board to avoid late penalties, service charges and interest (primarily utilities), and payroll, in accordance with the approved salaries and hourly rates adopted in this Appropriations Act. The Conservation District Board shall receive a list of claims

(invoices/bills) which were paid prior to approval, for their approval at the next board meeting.

SECTION 6: Authorized Salary, Hourly and Per Diem rates--Included in the various activities/departments are amounts of the salary, hourly and per diem rates for the officials and employees of the conservation district as follows:

- Per Diem—Conservation District Board
- District Manager
- Technician
- Resource Professionals
- Program Assistant

SECTION 7: Estimated Revenues and Expenditures--Estimated total revenues and expenditures for the various funds of Sample Conservation District are:

FUND	REVENUE	EXPENDITURES
General	\$353,375	\$346,500

SECTION 8: Periodic Financial Reports--The Conservation District Manager shall provide a report of fiscal year-to-date revenues and expenditures, compared to the budgeted amounts in the various funds of the Conservation District to the Board at their monthly Board meeting.

SECTION 9: Budget Monitoring--Whenever it appears to the District Manager or the Conservation District Board that the actual and probable revenues in any fund will be less than the estimated revenues upon which appropriations from the fund were based, and when it appears that expenditures will exceed an appropriation, the District Manager shall present recommendations to prevent expenditures from exceeding available revenues or appropriations for the fiscal year, to the Conservation District Board. These recommendations shall include proposals for reducing appropriations (expenditures), or increasing revenues, or both.

SECTION 10: Board Adoption-- Motion made by _____ and seconded by _____ to adopt the forgoing resolution and General Appropriations Act. Upon roll call vote, the following voted aye:

The following voted nay:

The Chairperson declared the motion carried and the resolution adopted on the

_____ day of _____, 2016.

_____, Chairperson

Sample Conservation District Appropriated Budget	2016 - 2017 Appropriated Budget

Total Expenditures	\$ 346,500.00
Budget Balance	\$ 6,875.00
Beginning Fund Balance (Required)	\$ 80,255.00
Ending Fund Balance (Required)	\$ 87,130.00

Minimum Requirements for General Appropriations Act

The minimum information requirements to be established for a local unit of government's general appropriations act include:

For the ensuing fiscal year	Estimate of expected beginning surplus or deficit Estimate of revenues (by revenue source) Estimate of required expenditures Estimate of amounts needed for deficiency Estimate for contingent or emergency purposes Estimated ending surplus or deficit
-----------------------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Amendments and Transfers to the General Appropriations Act

Amendments

The board must amend the general appropriations act, as soon as a deviation is apparent. The amendment must be approved by the board, prior to the expenditure being made (see example below).

The treasurer may recommend, but the board needs to approve, any required amendments to the general appropriations act.

Amendments to the general appropriations act must not cause estimated total expenditures, including an accrued deficit, to exceed total estimated revenues, including an available surplus.

For local units that do not normally adopt a separate general appropriations act, the approved budget which serves as the general appropriations act, will need to be amended per the guidelines listed above.

Transfers

The board may permit the treasurer to execute transfers within limits, between appropriations. Allowing such transfers might eliminate the necessity for numerous amendments for miscellaneous and insignificant amounts.

If the board allows these types of transfers, the permission and limits must be indicated in the general appropriations act. The allowed transfers must be submitted to the board for approval at the next board meeting.

Hints & Tips

- The Budget Act requires an approved budget (general appropriations act) prior to the beginning of the fiscal year.
- Public notice, before the budget hearing at the board meeting, is required.
- The budget is the plan for financial operations. The appropriations act is the budget as approved by the board of directors. As such, your budget may have more detail than the appropriations act.

Amendment Example – If your watershed program goes over budget due to increased project cost, and you are able to increase funding to cover it, you still need to amend the appropriations act prior to spending above the board approved amount.

Q: If a grant comes from the state, but is federally funded, does it belong in the federal or state revenue?

A: Check the budget section of the grant for details on funding, or ask your auditor.

Q: Where do I find my fund balance?

A: The beginning fund balance is the remaining revenue at the end of the previous fiscal year; total revenue, minus total expense.
